Prerequisites
Some courses require students to fulfil prerequisites before reading. The prerequisites are listed in the online course catalogue.

If students have done similar prerequisites in their home university, they should check with the SMU course instructors if they will accept these prerequisites.

Prerequisites may be checked by the SMU course instructors during the first week of the term. Students should prepare a course outline (in English) of the courses they have taken that meet the prerequisite for the SMU course instructor’s review.

Students may contact the course instructors to enquire if they fulfil the prerequisites. A list of the instructors is available via the Faculty Directory at the SMU website.

"Note to partner universities:
Please send all SMU students’ exchange transcripts to the Global Student Programmes’ academic advisors.
Refer to the back pages for contact information."
Welcome Orientation

All exchange students must attend the welcome orientation, which will typically take place the week before the term starts. Students are advised to arrive to Singapore ten working days before the term starts. The exact orientation date will be informed in your acceptance package.

The orientation includes important briefing on student services at SMU, academic matters and upcoming social events for exchange students. The orientation also offers an opportunity to interact with other exchange and SMU students.

Students are advised to arrive one week prior to orientation date to facilitate the application of the Student’s Pass at Immigration and Checkpoints Authority (ICA). There will be a huge processing delay at ICA during the peak period (may take more than three days) as there will be a large number of foreign students coming to Singapore during the start of a new term. The Student’s Pass will be required for signing any housing agreements, purchase of SIM card etc.

Application Process and Deadlines

To enrol for the international exchange programme at SMU, candidates should first seek approval from the home university. The candidate should only submit the online application upon the home university's confirmation and nomination, with the following documents – Official transcript, passport copy and photo for SMU student card.

Further details of the exchange programme and the online application form will be given to the home university when applications open.
