ENGLISH LANGUAGE REQUIREMENTS FOR REGISTERED VISITING STUDENT APPLICANTS

The college is obliged to obtain a document to prove that each visiting student has been educated in English. This will be in the form of a transcript or confirmation letter from the home university. It is important that those students who are Visa Nationals who have not studied in an English speaking university for more than two years at the time of their application should provide evidence of their proficiency in studying and writing in English. We require the original language test certificates (no more than two years old at the time of application) from one of the tests approved for Oxford student admission. Please go to the link <https://www.ox.ac.uk/admissions/undergraduate/international-students/english-language-requirements> test score requirements and additional information.

WHAT TO DO NEXT.

Please send application form to me together with:

- a) a transcript or other detailed record of academic achievement up to the present;
- b) two pieces of academic work that you have previously submitted as part of your academic studies at your home university;
- c) a colour passport type photograph
